

Parts

Instructions for Hanging

Step 1

Insert T-Top Gotcha Holder into AnoGotcha Shell. Fig. 1

Step 2

Insert single ball of the ball chain into inner channel of Cable Clip. The cable should snap into place. Fig. 2

Step 3

Align one round end of cable clip with top channel of the aluminum rail and insert. Once in place, insert end of ball chain into channel. Then press down on the other round end of the cable clip and slide into rail by pushing on the clip. Fig. 3

Note: Be sure to slide the ball chain into place by pushing on the cable clip. Do not pull on, or push against, the ball chain as this will cause it to bind in the channel.

Step 4

Push end caps into place. Fig. 4

Step 5

Snap the AnoGotcha Holder open and insert poster (top and bottom). To close, snap the AnoGotcha Holder shut. Fig. 5

Step 6

Suspend poster. Fig. 6
