Instructions for Hanging

Step 1

Install wall mounting hangers between frame rail and backer board (at top and bottom sides of the frame only). Line up holes. Fig. 1

Step 2

Place frame in desired position on wall and locate placement for molly anchors or wood screws at top and bottom of frame only. Fig 2

Step 3

Drill holes to accommodate anchors for drywall or screws for wood. Fig 3

Step 4

Replace frame and screw into wall. Fig 4

Step 5

Open rails, put in poster and close rails. Fig 5

Note: Be sure to open all four side rails gently. Excessive force may cause inside clips to unhinge.
